xxxxxxxxxx about page end features xxxxxxxx

SERVICES PAGE Features

page Header / Hero Banner: About page ki tarah top par ek clean banner hoga jis par "Our Services" likha hoga aur niche breadcrumb navigation (Home > Services) hogi.

Services Grid / Cards: Sab se main section jahan 6 se 8 chote-chote cards honge. Har card par ek clean Icon (jaise heart, teeth, brain), Service ka Naam (Cardiology, Dental Care, Neurology), aur ek chota sa Teaser Text hoga.

Direct "Read More" Link: Har service card ke niche ek direct button ya text link hoga jo user ko us specific service ke detail page par le jaye.

Call to Action (CTA) Banner: Niche ek section hoga jo kahe ga: "Need emergency medical help? [Contact Us Now]"

Interactive Departments Section (Tabs): yeh section same is departments waly sec jaisa bnega (link) <https://themewagon.github.io/MediLab/#services>

Vertical Navigation Menu: Left side par clickable department choices.

Dynamic Content Panel: Right side par selected department ki heading, descriptive text, aur related image jo click karne par smoothly switch hoti he.

Full Appointment Booking Form: Page ke end par ek complete form jahan patient apna naam, email, phone number, department aur date select kar ke direct appointment book kar sakay.

idea kay liye yeh first link dekh lay

(link 1) <https://medivra.framer.website/service/mobility-therapy> (link 2) <https://themewagon.github.io/Clinic/services.html>

SERVICES PAGE DETAILS FEATURES same yeh sec is services detail waly page ki trha bnega (link) <https://htmlcodex.com/demo/?item=2716>

Top Title Banner: Page ke start me waisa hi simple grey/light background he jis par navigation links (Home > Service > Item) chal rahi hain.

Two-Column Split Layout (Main Design):

Left Side (Main Content area):

Top par ek Badi High-Quality Image (jaise video me pathology lab ki machine aur doctor dikh rahe hain).

Us ke niche bada title (e.g., Pathology Testing Service) aur Detailed Paragraphs jo pure treatment/test ko explain kar rahe hain.

Right Side (Sidebar area):

Our Services Menu: Ek clean vertical list jahan saari services ke naam likhe hain (Pathology, Microbiology, Biochemistry, etc.) aur un par '+' ya arrows bane hain taa ke user kisi aur page par ja saky.

Brochures Download Section: Niche chote links hain jahan se patient laboratory test ki details PDF ya TXT file me download kar sakta he.

Get A Quote / Short Form: Ek ekdum crisp aur chota sa contact form (Name, Email, Message) sidebar me hi de diya he taa ke user ko kahin aur na jana pare.

Sidebar ka Form: Jab user sidebar me "Get A Quote" ya short form fill kar ke submit kare ga, toh woh direct aap ke Success Message ya Contact Us page ke logic se connect hoga.

Our Services Menu (Sidebar): Agar koi user sidebar me kisi doosray department (jaise Microbiology Tests) par click kare ga, toh woh kisi naye page par nahi jayega, balkay ek aur Service Detail page par hi redirect hoga jo isi layout ka hoga bas content badal jayega.

Brochures (Download Links): Jo download ke options hain, un par click karne se koi naya web page nahi khulega, balkay direct PDF file download ho jayegi.

xxxxxxxxxx services page end features xxxxxx

PAGES SECTION Features :

FAQs Page: Ek full page jahan hospital se mutalliq aam sawalat (timing, insurance, appointments) Bootstrap ke Accordion (drop-down collapse layout) me diye hote hain.

same aisa bna lay is kay faq sec jaisa (link 1) <https://htmlcodex.com/demo/?item=2716>

Features Page: Is page par hospital ki mukhtalif khusoosiyat (jaise 24/7 Ambulance, Advanced Labs, Emergency Care) kay icons aur chote content blocks me line se dikhaya jata he.

idea kay liye is link pr jkr dekhlay ya search krlay (link 1) <https://htmlcodex.com/demo/?item=2716>

Appointment page : (link 1) <https://themewagon.github.io/Clinic/appointment.html> (link 2) <https://htmlcodex.com/demo/?item=2716>.

Top Banner / Header

Baki pages ki tarah, top par ek clean aur simple background banner hoga jis par bada sa "Book An Appointment" likha hoga aur niche breadcrumbs (Home > Appointment) chal rahe honge.

2. Two-Column Split Layout (Main Section)

Is page ka main area do hisson me divide hoga jo dekhne me bohot premium lagta he:

Left Side (Information & Support Block):

Timing Details: Ek chota sa card jis me likha hoga ke appointment timings kya hain (e.g., Mon - Sat : 9:00 AM - 8:00 PM).

Emergency Contact Box: Agar kisi ko urgent help chahiye toh direct call karne ke liye ek highlighted phone number aur "Emergency 24/7" ka text block.

Quick Guideline: 2-3 chote bullet points ke "Form fill karein, aap ko confirmation email/SMS aayega , aur live status check karein."

Right Side (The Main Interactive Booking Form):

Yeh aap ka sab se main asset hoga. Is form me Bootstrap ke advanced input fields honge:

Patient Name (Text Input)

Email Address & Phone Number (Two columns in a row)

Select Department (Dropdown Menu - Cardiology, Neurology, etc.)

Select Doctor (Dropdown Menu - Jo select huay department ke mutabik doctors dikhaye)

Appointment Date (Date Picker Input)

Preferred Time Slot (Time Picker ya Radio Buttons - Morning, Evening)

Brief Symptoms/Message (Textarea - Optional)

"Confirm Booking" Button: Ek bada, center-aligned ya full-width primary button jo click hote hi response submit kare.

404 Page (Error Page): Agar koi galat URL enter kare, toh yeh page khulta he. Is par aam taur par ek bada sa "404" ka text graphic hota he, sath me message "Page Not Found", aur ek button jo user ko wapas "Go Back Home" le jaye

same aisa bnalay iskay 404 sec jaisa(link 1) <https://htmlcodex.com/demo/?item=2716>

xxxxxxxxxx pages end features xxxxxx

CONTACT PAGE Features : same is contact page jaisa bna lay (link) <https://template.viserlab.com/kolinic/kolinic/contact.html>

Contact Info Cards & Form (Two-Column Layout)

Niche screen do hisson me divide hogi:

Left Side (Contact Details): Yahan 3 ya 4 alag blocks/cards honge jin me professional icons ke sath details likhi hongy:

■ Address: Hospital ki physical location.

■ Phone Number: Emergency aur general inquiries ke numbers.

✉ ■ Email Address: Official support email ID.

■ Working Hours: Hospital ki timings (e.g., Mon - Sun: 24 Hours).

Right Side (Get In Touch Form): Ek bada aur clean interactive form jahan patient direct query bhej sakta he. Is me yeh fields honge:

Full Name (Text Input)

Email Address (Email Input)

Subject / Topic (Text Input)

Message / Query (Message Textarea)

"Send Message" Button (Bada, primary color ka active button).

C. Google Map Integration (Full Width)

Page ke bilkul end par ek poora horizontal section hoga jahan Google Map embed kiya gaya hoga, jo hospital ki sahi location ko live map par point out kar raha hoga taa ke patient aasani se rasta d hoond sake.

xxxxxxxxxx pages end features xxxxxx

Sign up / popup modal Features:

Signup Page ka Structure

Top Header / Branding: Hospital ka official logo aur ek chota sa welcoming text (e.g., "Create Your Account to Manage Appointments").

Interactive Signup Form (Center Container): Page ke beech me ek neat box/card hoga jis me yeh fields honge:

Full Name (Text Input)

Email Address (Email Input)

Phone Number (Tel Input)

Password (Password Input - sath me eye icon taa ke password dekh sakein)

Confirm Password (Password Input)

"Register / Sign Up" Button: Ek bada bright color ka primary button.

Alternative Options (OAuth): Agar aap mazeed modern banana chahti hain toh niche "Or Sign up w ith Google" ka button de sakti hain.

optional : Redirect Link: Form ke bilkul niche ek line hogi: "Already have an account? [Login Here]" taa ke agar kisi ka pehle se account ho toh woh direct login page par chala jaye.
